

Aberdeen Formation Society  
**Well Testing for Reservoir Description**

**Wednesday 6th April 2011**  
**Aberdeen**

**Patrick Corbett, Hamidreza Hamdi and Alireza Kazemi**  
Institute of Petroleum Engineering, Heriot-Watt University, Edinburgh

### **Provisional Programme**

- 13:00 - 13:30** Arrival and Lunch and Registration
- 13:30 - 14:30** The new ramp phenomena in internal cross flow reservoirs
- 14:30 – 15:00** The hunt for triple porosity in fractured carbonate reservoirs
- 15:00 – 15:30** Discussion Tea Posters
- 15:30 – 16:00** Illumination of the reservoir by joint well test and seismic inversion
- 16:00 – 16:30** Condensate banking vs Geological Heterogeneity – who wins?
- 16:30 – 17:30** Discussion: Current and Future Challenges
- 17:30** Drinks and Canapes
